MOTION FOR ORDER SHORTING TIME

motions was firmly set for June 8, 2007 and that there was no further time in which to take action. On June 5, 2007, the Court continued the motions to July 10, 2007. With this continuance in hand, plaintiff undertook to engage co-counsel to join in filing its Motion To Appoint Interim Class Counsel For the California Indirect Purchasers Subgroup. On June 18, Thomas V. Girardi of Girardi & Keese agreed to join as co-counsel and plaintiff set about finalizing said Motion. It is believed that said Motion will simplify the case and increase the manageability and judicial economy for the case, and that therefore, it is in the interest of all parties and the Court for said Motion to be heard on July 10, 2007.

Substantial harm or prejudice will occur if the time for hearing the motion is not shortened in several regards:

- 1) The Court and putative classes will be deprived of the appropriate competition among law firms for service to them.
- 2) The manageability of the indirect purchasers action may be adversely affected by consolidated representation of claimants claiming under the laws of 20-30 different states. The Motion contends that manageability and commonality can only be achieved by subgrouping the various claims.

Some counsel claim that claimants claiming under the differing laws of 20-30 states may be represented by one consolidated group of attorneys. Plaintiff contends that such representation could undermine commonality and predominance and lead to conflicts. Plaintiff contends that there is a natural subgrouping that arises from the complaint in *Eliasoph v. LG Philips Co, Ltd. et al.*, breaks the claimants down into three natural groups:

- 1) Subgroup One: California Claims (Eliasoph Second, Third Claims)
  - SubGroup Two: Claims under Other Repealer States with laws involving "Violations of State Antitrust and Unfair Competition

11	The Motion also contends that such subgrouping minimizes conflicts.				
12	Since multiple parties are involved in this complex action, the best notice is by ECF and it				
13	would be impractical to seek stipulation.
